Install Time : 60 – 180 Minutes
(Professional Installation)
Install Note :

REMOVE CONTENTS FROM BOX. VERIFY ALL PARTS ARE PRESENT

READ INSTRUCTIONS CAREFULLY BEFORE STARTING INSTALLATION

INSTALLATION PROCEDURE

- Using a Phillips screwdriver remove the two short screws facing the inside of the vehicle from one of the taillight lenses. See figure 1. Then remove the lower screw toward the outside of the car. Note that these factory screws will be replaced by #6x45mm Self Tapping Screws and #8x50mm Self Tapping Screws provided in the Hardware Kit. See figure 2.
- Identify the correct guard for the side of the vehicle you are working on. See figures 3 and 4.
- Install the upper screw (one of the shorter ones) into the hole of the upper mounting bracket.
- Position the guard while inserting the screw into its hole in the lens. Install the screw tightly enough to keep the guard in place.
- Install the other two screws. Align the guard with the top of the lens and tighten the screws using a Phillips screwdriver. Avoid over tightening to prevent damage.
- Repeat operation with the other side of the vehicle and check that the two guards are parallel to each other.

Do periodic inspections to the installation to make sure that all hardware is secure and tight.

To protect your investment, wax this product after installing. Regular waxing is recommended to add a protective layer over the finish. Do not use any type of polish or wax that may contain abrasives that could damage the finish.

For stainless steel: Aluminum polish may be used to polish small scratches and scuffs on the finish. Mild soap may be used also to clean the Sidebar.

For gloss black finishes: Mild soap may be used to clean the Product.

Keystone Automotive Operations Inc. (KAO) warrants this product to be free of defects in material and workmanship at the time of purchase by the original retail consumer. KAO disclaims any other warranties, express or implied, including the warranty of fitness for a particular purpose or an intended use. If the product is found to be defective, KAO may replace or repair the product at our option, when the product is returned prepaid, with proof of purchase.
